STEP 1: Passive Information gathering on the target

I looked up the public professional profile of the target (Konstantin Gladkix) on Gronda which is a website to hire chefs, looking the the bio we see "Sous Chef @ Синара центр"

By searching "Синара центр" on a browser the first result is this:

A screenshot of the Sinara-center website. The header features a logo with a stylized 'C' and the text 'Sinara-center sinara-center.com'. Below the header, the main title reads 'Синара Центр — официальный сайт компании'. A descriptive paragraph follows: 'Синара Центр – культурно-выставочный комплекс. Галерея Синара Арт, концертный зал для банкетов, свадеб и конференций, лектории и уютные террасы размещены в ...'. The content is organized into two columns. The left column has the heading 'Провести мероприятие' and lists 'Банкетные залы в аренду в Екатеринбурге в «Синара Центр...»'. The right column has the heading 'Синара Арт' and lists 'В декабре 2024 года было открыто новое выставочное...'. Below these, the left column has the heading 'Афиша' and lists 'Мероприятия в Екатеринбурге в Синара Центр. Афиша выставок,...'. The right column has the heading 'Выставки' and lists 'Генеральный спонсор Синара Центра и Синара Арт –...'.

Digging more into the Target information

Our current Reliable Informations:

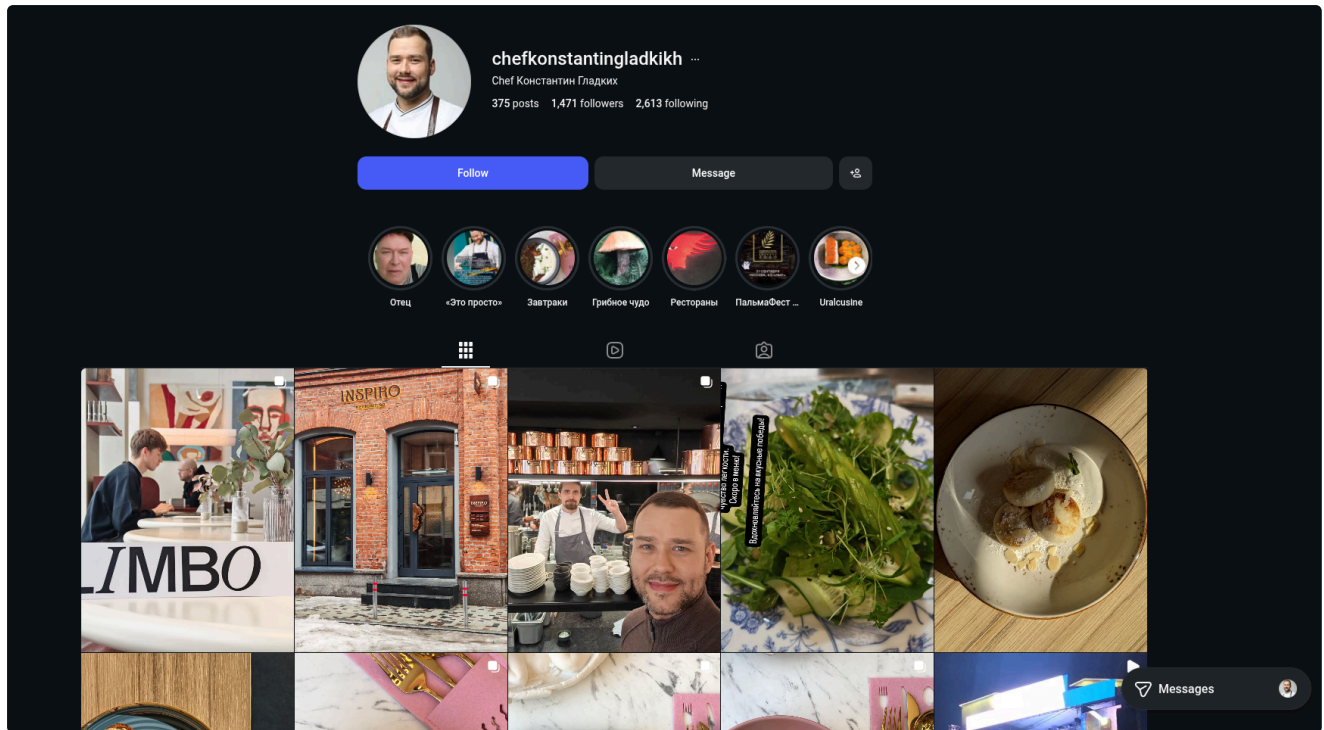

- Full Name: Константин Гладких
- Profession: Chef
- The target is from: Russia
- He worked at: Cinara Centre

And we can see half of his face on the Gronda Profile.

since we know the full name of the target i decided to try and search for his instagram account by using dorking

```
"Константин Гладких" site:instagram.com AND site:linkedin.com AND sit:facebook.com
```

Eventually by Searching through each result i found his instagram account:

which is confirmed by these information:

- The full name matches
- The profession matches
- The Language/culture of Russia matches
- He speaks russian
- The face is the same as the half one in the Gronda account:

Here we can see the same hat of the image in Gronda, so it makes the theory legit

While Dorking through his various possible social i found his facebook personal blog account too:

(There's a lot more)

Why do i assume it's a match

- The language spoke by the target and the match
- The Profession
- The Name And Surname
- The nickname is almost identical, in instagram he simply added "chef" before the nickname
- Some Food Pictures match and some plates are very similar to his
- He also posts some events post, both do

Confidence: Medium-High
